National Drug & Alcohol Testing Services Network

Our On-Site Testing Solutions – Unlike Anything in the Industry. Truly innovative testing services available Nationwide, especially in remote locations. Allow us to provide significant cost reductions for your drug & alcohol testing program.

Hobart, Launceston and Devonport drug and alcohol testing services and products. We assist you to conduct your own drug and alcohol testing or provide testing services with our professional team in Tasmania, Australia.

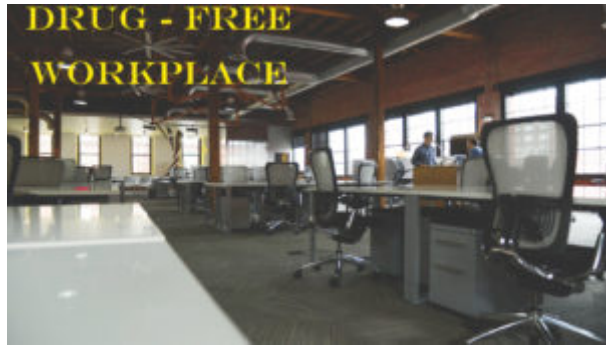

Drug & Alcohol testing is an important part of risk managing drugs and alcohol in the workplace.

Our resident drug testing specialists have implemented drug and alcohol programs in hundreds of workplaces around Australia over the last ten years. Having returned to Tasmania this invaluable experience is now available for Tasmanian employers seeking to manage risks of drugs and alcohol in their workplace.

To ensure a total solution is provided for our clients our specialties include:

- Random drug and alcohol testing programs.**
- Drug & alcohol education and awareness training.**
- Policy and Procedure advice and development.**
- Supply of equipment and resources to conduct your own “in-house” testing programs.**
- Strong relationships with NATA Accredited laboratories for confirmation of non-negative results.**
